

PUBLIC NOTICE
The Maryland Department of Natural Resources
Fishing and Boating Services
Closure of Upper Chesapeake Bay to Oyster Harvest — Effective 9/19/2019

WHAT THIS NOTICE DOES

The Secretary of the Maryland Department of Natural Resources announces that the Chesapeake Bay and its tidal tributaries north of the northernmost span of the Gov. William Preston Lane Jr. Memorial Bridge are closed to all oyster harvest. This notice supersedes and replaces all prior notices affecting oyster harvest areas north of the northernmost span of the Gov. William Preston Lane, Jr. Memorial Bridge.

AREA CLOSED

All waters of the Chesapeake Bay and its tidal tributaries north of the northernmost span of the Gov. William Preston Lane, Jr. Memorial Bridge.

PURPOSE OF THIS CLOSURE

This closure is necessary due to low abundance of oysters, low natural spat set, and potential impacts of persistently low salinity levels. Specific sites previously planted by county oyster committees may be opened in a future notice.

WHO THIS NOTICE AFFECTS

This closure applies to all individuals who catch oysters or clams recreationally or commercially.

EFFECTIVE DATE

The closure is effective at 12:01 a.m. September 19, 2019. The area is closed until further notice. A new notice will be issued when the area or any previously planted portion of the area is reopened to harvest.

AUTHORITY

Natural Resources Article, §4-215, Annotated Code of Maryland
Code of Maryland Regulations 08.02.04.11G
